Subject: Info

Raw Recipe:

I use the following ratio when making our raw:

2/3 of the total mix should be chicken, bones and all (uncooked)

Of the 2/3 chicken, 1/3 of that should be organ meats such as chicken livers and chicken gizzards, hearts

1/3 of the mix should be beef, we use beef stew meat from Wal-Mart

(actual amts/weight of each is up to you depending on how much you want to make, we use 10 whole chickens, and about 6lbs of the stew meat and that makes about 8-10 gallons of mix and feeds all our cats for about 3 months)

2 small containers of plain yogurt, non flavored

2-4 jars of squash baby food

1 can of 100% pure pumpkin

Kitty Bloom – we add about ¼ tsp per serving

We figure we can get about 6-8 servings out of each bag of raw we make so depending on how much you make add that much to total mix, or in each bag and mix up in there, or you can add to food daily

Order it from here: <http://www.mystre.com/kittybloom.htm>

You can find a local retailer for Chicken Soup for the Kitten Lovers Soul here:

http://www.chickensoupforthepetloverssoul.com/dealer_locator/

The grinder I use is found here:

http://www.northerntool.com/webapp/wcs/stores/servlet/product_6970_36989_36989

or the one below is also a recommended model.
